

## IN SPITE OF HILL.

Democrats Have Agreed On a  
Compromise Tariff Bill,

Which Includes the Income Tax  
Provision,

AND WILL PASS IT

Whether Senator Hill Likes It  
or Not.

WASHINGTON, May 3.—The Democratic leaders of the senate were in conference yesterday on the tariff bill. Among those engaged in the conference were Senators Jones, Brice, Gorman and Cockrell, while Senator Hill was present a portion of the time. It is the position of the New York senior senator that has caused some trouble, and there are a number of senators who believe, even now, that Senator Hill will not vote for the bill with the income tax provision, and it is almost certainly understood that the income tax will remain.

The senators who are engineering the compromise are counting on forty-three Democratic votes, and they believe they will be able to control that number beyond any doubt. This indicates they hope to pass the bill even with the opposition of Mr. Hill, and it also indicates that the bill has probably been made satisfactory in other respects to Senator Murphy of New York and Smith of New Jersey.

Senator Brice is more outspoken than any of those who participated in the conference. He said to-day: "In an interview a few days ago I said the tariff bill had been agreed upon and would pass, and I now reiterate that statement. I will say nothing as to details, but a bill has been agreed upon. The statement I made at that time that the Democrats had agreed and would pass the bill, was a great help in carrying the Third Ohio district by the Democrats, and I now assert that what I said then was true, and the bill will pass."

Senator Brice was asked if there was any doubt about any Democratic senators not voting for the bill. He replied he could not say.

### NEW FINANCIAL SYSTEM.

Congressman Brookshire Proposes Many  
Changes From the Present One.

WASHINGTON, May 3.—Congressman Brookshire of Indiana introduced in the house a bill providing for some comprehensive changes in our present financial system. The bill provides that no greenbacks shall be issued of a smaller denomination than \$10, that not one-fourth in value of the amount of circulation issued to national banks shall be of a less denomination than \$10, and that coin certificates shall be issued instead of silver certificates, gold certificates and treasury notes issued under act of July, 1890. The bill provides for the issue of coin certificates on all the gold and silver coin and gold bullion in the treasury in excess of \$100,000,000 of gold coin which is held in reserve for the redemption of greenbacks.

The bill also provides for the issue of coin certificates on all of the silver seigniorage bullion, not exceeding \$1 for 47 1/2 grains of pure silver, and that it shall be the duty of the secretary of the treasury to pay out these coin certificates in discharge of all of the obligations of the United States except such as are made expressly payable in coin. Moreover, the bill provides that the owner of coin, gold or silver, may deposit the same with the treasurer, or any sub-treasurer, of the United States, in the sum of \$10 or any multiple thereof, and receive coin certificates in lieu of the same.

### HEAVY GOLD EXPORTS.

The Outflow of the Yellow Metal Has  
Begun From New York.

WASHINGTON, May 3.—The indications are the usual spring outflow of gold has at last set in. Advises at the treasury department show that about \$1,500,000 in gold was shipped by the Teutonic yesterday, and \$1,000,000 has already been engaged for shipment next Saturday. Of course the amount of exportations will depend entirely upon the rate of foreign exchange, but if the present high figure is maintained it is almost certain some heavy shipments will be made next Saturday.

### Representative Bell's Scheme.

WASHINGTON, May 3.—Representative Bell, Populist of Nebraska, introduced a resolution to provide for the appointment of a joint congressional committee "to devise means for the employment of the idle men of the country, restrict immigration, start up our mines, increase the currency, and prohibit the issuing of interest-bearing bonds without authority of congress, and for other purposes."

Southworth & Gratton, grocers of Stockton, Cal., have failed with \$234,000 liabilities and \$255,000 assets.

## STORM-AT EZBON.

Many Houses Destroyed and Great Damage  
to Property in Jewell County.

EZBON, Kan., May 3.—A very heavy wind and hail storm six or seven miles wide passed over this place in a northeasterly direction last evening, doing a great deal of damage. The United Brethren church was blown from its foundation and wrecked. The Chicago Lumber company's and Davis & Co.'s corncribs were scattered for miles and several other buildings badly damaged.

John Butcher, a wagonmaker, was badly hurt, and his shop was blown to pieces. John Brennan, a farmer, was coming to town during the storm when his team ran away and jumped off a high bank onto the railroad track, instantly killing both horses. Mr. Brennan was thrown out and was only slightly hurt. The storm was the worst ever known here.

## MEXICAN JOE DEAD.

With His Demise Perished the Secret of  
a Rich Gold Mine.

LANDER, Wyo., May 3.—Cesarito Hurtado Y. Gomez, better known as "Mexican Joe," has just died at Fort Washack. Gomez was a relative of the noted Jaurez, and fought with him in the Maximilian war against the Mexican republic. After the war he came to the United States, and for years endeavored to learn the secret of the rich gold mine in Mexico, the location of which is known only to a few Arapahoe Indians. Finally he married a squaw, learned the secret but a short time before his death, and intended starting for the treasure in June. Probably no other white man will ever know the secret.

LOUIS, Mo., May 3.—Billy Thompson, Hall's manager, in an interview, said to a press representative that he had received information from New Orleans to the effect that the Olympic club was endeavoring to bring about a match between Fitzsimmons, Hall and Choyinski. "Hall is willing," said Thompson, "to fight either Fitzsimmons or Choyinski, but prefers to have another go with the former. To anybody who will succeed in arranging a match between the two men I will give \$1,000 when the fight comes off."

### Condemning Colonel Breckinridge.

LEXINGTON, May 3.—The Lexington Ministerial union met and passed resolutions condemning Colonel Breckinridge's course, and they declared that his canvass for renomination and election is "an open defiance of all personal chastity, domestic purity and religious integrity, a corrupt misrepresentation of the social order of our community, a debauching example for youth and in every way a peril to truth and righteousness."

### Fell Twenty Feet.

## CAN'T HOLD OFFICE.

Saloonkeepers and Bartenders  
Can't Be Postmasters,

According to a Ruling of Post-  
master General Bissell.

NO MORAL QUESTION.

Liquor Dealers Simply Unfitted  
for the Position.

WASHINGTON, May 3.—Postmaster General Bissell has formulated a policy of barring saloonkeepers and bartenders from appointment as postmasters. In accordance with this plan, where there are several candidates, the fact that any of them has business dealings with saloons will be given weight and the other candidates will be given preference in making appointments. Mr. Bissell said yesterday:

"We have appointed men as postmasters who permitted bars in their hotels, though not interested themselves, but we prefer not. It is not a temperance question nor a moral question; it is a business question purely, and the postoffice department is a business institution. From my observation and experience I am convinced any man, directly or indirectly interested in the liquor business, is in a measure unfitted by his occupation, and that his interest in that business necessarily interferes with a full discharge of his official duties in any branch of the postal service."

Postmaster General Bissell said that he had reached the conclusion that a saloon is not a good place to educate a person for the transaction of postal business, though there is no iron-clad rule prohibiting the appointment of those who may have been connected with the liquor business.

## INTERESTING FIGURES.

Interesting Statistics From the Report  
of Labor Commissioner Wright.

WASHINGTON, May 3.—Commissioner of Labor Carroll D. Wright has submitted his ninth annual report, dealing with the building and loan associations in the United States. Vermont, which has but one association, is the only state not included in the report. The total number of associations in the country is shown to be 3,888, of which 5,598 are local and 240 national. The total number of shareholders is 1,735,725, of which 919,616 are male. The average number of each association is 301. The number of shareholders who are borrowers is 455,411, or 26 1/2 per cent.

The figures show, says the report, that the building and loan associations of the country are entirely modern institutions and have reached their great proportions within the last ten or fifteen years. This, in connection with the fact that they have net assets of over \$450,000,000, have made total profits of more than \$80,000,000, helped to secure probably over 400,000 homes and are semi-banking institutions, conducted by ordinary men untrained as bankers, show conclusively the strong hold which building and loan associations have taken upon the public.

## BROWNE ISSUES AN ORDER.

He Asserts That Free Speech Has Been  
Suppressed.

WASHINGTON, May 3.—Carl Browne, the marshal of the Coxey army, has issued the following special order to his followers: "Special order No. 1—Comrades of the commonweal: Liberty lies withering in her own blood at the nation's capital city tonight, stabbed in the house of her friends by her supposed guardians. Free speech has been suppressed, and policemen's clubs have taken the place of the scales of justice." The document is throughout couched in extravagant phrases, and at the conclusion relates that, "after remaining in a damp, dirty dungeon several hours," yesterday he was finally let out on \$500 bail, which was furnished by two Christian ladies of Washington.

Unemployed of Cincinnati Want to Go  
to Washington.

CINCINNATI, Ohio, May 3.—Labor union leaders are trying to get rates for box cars to carry 3,000 to 7,000 unemployed to Washington May 15. While they propose to co-operate with Coxey, they will go there to urge the passage of the Davis bill, to make good the \$50,000,000 lost on national currency since the war, and for a large appropriation for irrigating Western arid lands, enlisting men for one year to build the necessary canals, and turn the lands so improved over to these men. The set-back given to the Coxey movement in Washington does not discourage agitators of this crusade, which is headed by the leaders of the old Union Labor party.
